

OUR WEST VIRGINIA NEIGHBORS.

The citizens of the town of Cerdo have decided that that town is to continue dry. The question of license or no license was voted on at the town election Saturday when the latter alternative won by nine votes.

!!!!

The flood, which has been the highest since that of 1884, is now receding rapidly. While the damage is not quite so great as that done by the January overflow, the suffering here has been greater than even that caused by the historic overflow of 1884.

The citizens who reside in the lower part of town had barely recovered from the January tide when the river again broke its banks.

Two prominent ladies of the town had become mothers a short time before the waters surrounded their houses. They were carried in their beds to the National hotel, a journey of several squares for each of them. They are still at the hotel and both mothers and babies are doing well, being apparently little the worse for their experience—Cerdo Advances.

!!!!

There was a very good timber tide in Twelve Pole last week. The only complaint that could be made was that it didn't last long enough.

George W. Stephens, President of the Chesapeake and Ohio Railway Co., in a speech at the annual banquet of the Huntington Chamber of Commerce on the night of the 15th inst. said he believed the West Virginia Legislature in enacting a two cent. rate law made a mistake, at the same time the railway company will not attempt any retaliatory measures. No trains will be cut off on account of the passenger rate. All trains will be run according to present schedule for six months during which time the law will be fairly tested. At the end of that time, if it be found that certain trains do not pay, they will be discontinued. Mr. Stephens expressed the belief that the fact that the people and the railway companies do not understand each other is largely responsible for the agitation which has been in evidence for the past eighteen months.

OF INTEREST

To All Suffering From Rheumatism, Kidney or Bladder Trouble.

For those who have Rheumatism, Kidney or Bladder Trouble of any kind, or fear that they are predisposed to any of these diseases, Dr. George Edmund Flood, the specialist on rheumatic diseases, given us permission to publish the following simple but effective prescription which he uses in his practice, and to which he attributes his remarkable success. Fluid Cascara Aromatic, half ounce; Concentrated Barkola Compound, one ounce; Fluid Extract Prickly Ash Bark, half drachm; Aromatic Elixir, four ounces. Mix by shaking in a bottle and take one teaspoonful after each meal and at bedtime.

Plenty of good pure water should be drunk in addition, so that the rheumatic poisons can be flushed from the system. Any druggist will put up the prescription or you may get the ingredients and mix them yourself. The prescription is inexpensive, agreeable to take and, coming from such a successful specialist, is worthy a trial.

Gas Engine For Sale.

More power being needed in the NEWS office to move all the machinery now in use, we have replaced our two and one-half horse power engine with a four horse power. The smaller engine is offered for sale. It is in excellent condition, and can be run with gas or gasoline. Price \$75, which is half of the original cost.

Job Printing

Some of you are paying more for your job printing than the Big Sandy News office charges, and getting a poorer class of work and a cheaper grade of stock. It is worth your while to investigate.

RUBBER STAMPS.

Rubber stamps are a great convenience for certain purposes. They are not suitable for printing, your letter heads and envelopes. Neatly printed stationery looks business-like and is cheaper, all things considered, than buying blank stock and stamping it yourself.

However, we furnish rubber stamps at 1 cent for a single line 3 inches or less in length. 25 cents for 3 lines 3 inches or less.

Seals, Stock Certificates, &c. OFFICERS' AND NOTARY SEALS. \$1.50 to \$2.00 Dates, 15c
